TIGER FISHING

Experiences with MOTE Travel

OKAVANGO DELTA | ZAMBEZI RIVER | CHOBE RIVER

WELCOME

There are few freshwater fishing experiences in Africa that compare with the power, speed and excitement of the Tiger Fish. Known for its aggressive strike, fierce fight and unmistakable teeth, the Tiger Fish has become one of Africa's most sought-after catches. For many anglers, landing a Tiger Fish in the wild waters of Botswana or Zambia is not just another fishing trip; it is a bucket-list African adventure.

MOTE Travel facilitates and arranges customised and guided Tiger Fishing excursions to some of Southern Africa's most memorable fishing destinations, including the Okavango Delta, the Zambezi River and the Chobe River.

Whether you are looking for a fully guided group tour, a self-drive fishing adventure, a houseboat experience, or a tailor-made trip for family, friends, colleagues or clients, MOTE Travel takes care of the planning, bookings and logistics so that you can focus on the experience.

FISHING THE OKAVANGO DELTA

Guma Lagoon • Shakawe Houseboat

The Okavango Delta is one of Africa's most iconic wilderness areas: a world of channels, lagoons, reed beds, islands and open water. It is a destination where the fishing is only one part of the experience. The beauty of the Delta, the quiet movement of boats through the channels, the birdlife, the night sounds of the wild and the anticipation of a Tiger Fish strike all combine to create something deeply memorable.

SHAKAWE HOUSEBOAT EXPERIENCE

For those wanting a more immersive Delta experience, the Houseboat option near Shakawe offers a different kind of adventure. Nothing quite compares with staying on the water, waking up in the Delta, heading out for morning and afternoon fishing sessions, and returning to the houseboat in the evenings as it anchors in quiet, secluded areas.

MOTÉ Travel's existing Houseboat Tiger Fishing trip includes full-day fishing boat rentals with fuel and a tour guide, and the itinerary is built around maximising time on the water.

GUMA LAGOON EXPERIENCE

MOTÉ Travel offers Tiger Fishing opportunities in the Okavango Delta through experiences such as Guma Lagoon and Shakawe Houseboat trips. The Guma Lagoon experience takes guests into one of the largest lagoon systems inside the Okavango Delta, with fishing days focused on searching for Okavango Tiger Fish, Bream and Nembwe. Guests travel by boat across the lake and through channels to reach productive fishing waters, with guides helping to target the most effective areas.

The Okavango Delta is ideal for guests who want a combination of serious fishing, wild scenery, relaxed evenings and a strong sense of being away from the rush of everyday life.

DELTA HIGHLIGHTS

- ✓ Tiger Fish, Bream & Nembwe
- ✓ Guided access to productive fishing waters
- ✓ Houseboat and land-based experiences
- ✓ Wild scenery and relaxed Delta evenings
- ✓ A true escape from everyday life

FISHING THE ZAMBEZI RIVER

Upper Zambezi • Barotse Region

The Zambezi River offers a more remote and powerful Tiger Fishing experience. The Upper Zambezi, especially the Barotse region, is known for its Barotse Tigers, with fish often surpassing 15 pounds in size. This is a destination for anglers who want to pursue one of Africa's most exciting freshwater predators in a setting that still feels wild, open and untamed.

UPPER ZAMBEZI EXPERIENCE

On MOTE Travel's Upper Zambezi experience, several days are dedicated to fishing the river, with early morning departures, full days on the fishing boats, island lunches and enough time to rest between morning and afternoon fishing sessions. Fishing gear can also be made available on request, provided this is arranged in advance.

THE JOURNEY BEYOND THE CATCH

This is a trip designed for those who want the journey as much as the catch. The route may include overnight stops, border crossings, time in Kasane, a Chobe River sunset cruise and a final night at Elephant Sands, making the Upper Zambezi trip a broader Southern African travel experience rather than only a fishing excursion.

The Upper Zambezi is ideal for anglers who want serious Tiger Fishing, wild river scenery and the sense of a true African expedition.

ZAMBEZI HIGHLIGHTS

- ✓ Barotse Tigers often over 15 pounds
- ✓ Remote and untamed river setting
- ✓ Early departures and full days on the water
- ✓ Island lunches and guided fishing days
- ✓ Overnight stops and broader travel experience

CHOBE RIVER TIGER FISHING OPPORTUNITIES

Kasane • Chobe National Park • Safari-Style Fishing

The Chobe River adds another exceptional dimension to MOTE Travel's Tiger Fishing offering. Known for its wildlife-rich riverfront, spectacular sunsets and proximity to Chobe National Park, the Chobe River is an excellent option for guests who want to combine fishing with safari-style experiences.

FLEXIBLE CHOBE EXPERIENCE

A Chobe River experience can be included as part of a scheduled guided tour, a self-drive itinerary, or a customised fishing and safari journey. Depending on the chosen route and season, guests may enjoy fishing opportunities together with sunset cruises, wildlife viewing, game drives, or time in the greater Kasane area.

MORE THAN JUST FISHING

In MOTE Travel's Upper Zambezi itinerary, the Chobe River sunset cruise is already included as part of the wider experience. For many travellers, the Chobe River works well as either a primary fishing destination or as an add-on to a Botswana, Zambia or Zimbabwe itinerary.

The Chobe River is ideal for travellers who want Tiger Fishing combined with riverfront scenery, wildlife experiences and a broader Southern African journey.

HOW THE TRIP *Can Be Structured*

MOTE Travel understands that not every traveller wants the same kind of experience. Some guests want a fully guided trip where everything is arranged and hosted. Others prefer the freedom of self-drive travel, while still wanting the confidence that accommodation, activities, route planning and logistics have been professionally arranged. MOTE Travel can assist with both.

SCHEDULED GUIDED TOURS

Guests may join one of MOTE Travel's scheduled guided Tiger Fishing trips, where the route, accommodation, activities and daily programme are already planned.

These trips are ideal for travellers who want the social atmosphere of a group experience, the confidence of travelling with experienced leadership and the benefit of local knowledge.

Scheduled trips may include welcome meetings, route briefings, fishing days with guides, boat rentals, meals, accommodation arrangements and optional add-on activities. MOTE Travel's existing fishing itineraries include important practical elements such as two-way radio arrangements, guide support, boat rentals, fuel, and logistical planning around road conditions and access routes.

CUSTOMISED GUIDED TRIPS

For private groups, families, corporate teams or groups of friends, MOTE Travel can arrange a customised Tiger Fishing experience. This option allows the itinerary to be shaped around the group's preferred destination, travel dates, budget, accommodation style and level of support.

A customised guided trip may include transport, accommodation, meals, fishing guides, fishing tackle by prior arrangement, boat hire, fuel, route planning, border-crossing guidance, activity bookings and additional safari or sightseeing experiences.

This is especially valuable for guests who want the adventure of Africa without the stress of managing every detail themselves.

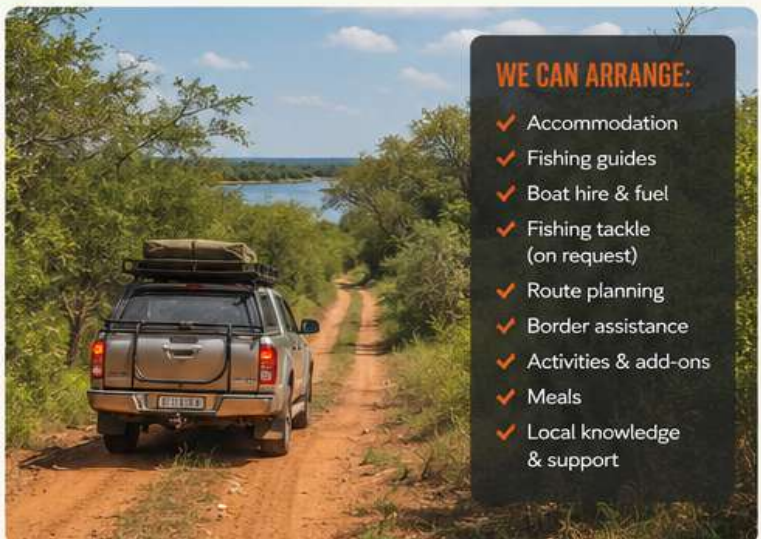

SELF-DRIVE FISHING ADVENTURES

For those who prefer to travel independently, MOTE Travel can facilitate a self-drive Tiger Fishing experience. This gives guests the freedom to drive their own vehicle and travel at their own pace, while MOTE Travel handles the important planning work behind the scenes.

The self-drive option can include itinerary design, accommodation bookings, fishing boat arrangements, guide bookings, activity reservations, route guidance, recommended overnight stops, border and travel planning, and advice on vehicle requirements.

Several existing MOTE Travel itineraries already work well as self-drive experiences, with high-clearance vehicles often recommended, and in some areas 4x4 not required depending on the route and access conditions.

This option is ideal for guests who want to experience Botswana, Zambia or the wider region independently, but still want the reassurance that the essential logistics have been arranged by people who know the routes, camps, lodges and travel conditions.

WE CAN ARRANGE:

- ✓ Accommodation
- ✓ Fishing guides
- ✓ Boat hire & fuel
- ✓ Fishing tackle (on request)
- ✓ Route planning
- ✓ Border assistance
- ✓ Activities & add-ons
- ✓ Meals
- ✓ Local knowledge & support
